

New Ute Theatre Society Scholarship, 2023

The New Ute Theatre Society is proud to be able to offer Scholarships to RE-2 High School Seniors who will be attending college in the coming fall after their senior year. We offer these \$2,000 scholarships to students who are actively engaged in the performing and visual arts along with those who might be interested in the technical side of performance such as lighting and set design, or stage and theater management. If this sounds of interest to you, please include the following topics in your essay, and return to NUTS PO Box by April 30, 2023.

Extracurricular Activities and Community Service

Please list the activities you have been involved with for the past two years, which might include things like different bands, choral groups, drama, and artistic experience such as fine arts, murals, or sculpture. Indicate why you are interested in these things.

Community Service reflects efforts within the community beyond the school that benefit the community at large. These may originate from school related activities but must be above and beyond school requirements.

Awards/Honors/Recommendations/Experiences

Experience with shadowing professionals in the arts would be appropriate in this area, along with foreign exchange or cultural experiences you've had.

References

Please list at least three adults with contact info who know you well and are willing to take the time to portray you best. They will be contacted by members of the board to better understand you.

Reminder: Should you receive a scholarship but decide to take a gap year or attend a college/university in a country other than the USA or Canada, you will forfeit your award. Also, at the end of your first school year, in writing, let NUTS know how the scholarship was spent.

On behalf of the New Ute Theatre Society Board of Directors, we're very excited to get to know you and your desire to further the arts in your future.
